

- Cut on the outer line to make a square paper.
- Fold the paper in half from corner to corner, both ways (making triangles). Unfold.
- Turn print-side down, and fold the corners inward so they meet in the center.
- Flip over, and fold the new corners to the center so they meet.
- Fold the resulting square half way (not corner to corner). Unfold, then in half the other direction.
- Stick your fingers in the pockets and push outward gently.

Which fruit of the spirit means happy?

Which fruit can you count on?

faithfulness

joy

Which fruit gets along with others?

peace

self-control
